

BADEN-POWELL COUNCIL, B.S.A.
2011 HIGH ADVENTURE WEEKENDS
For Boy Scouts (age 13+), Venturer's, and Adult Leaders.

PRIMITIVE SKILLS WEEKEND!

**March 11-13, 2011
@ CAMP TUSCARORA**

Shelter, water, fire, food: the basics of human survival. But could you acquire these necessities with nothing but a few simple tools and your knowledge of the wilderness? Join us for a weekend experience jam-packed with primitive survival techniques, and check off some merit badge requirements too!

Local skills enthusiasts will be sharing their knowledge of winter shelters, water collection and purification, fire building, fire-by-friction methods, primitive hunting, stalking, wild edible plants, trapping, basketry, natural cordage, hide tanning, flint knapping, Native American skills, and more. Sign up for this weekend experience, and leave with the taste of freedom and adventure that can be found through the skills of our ancestors.

Course Director: Joe Zapach, Wilderness Skills Director, Camp Tuscarora plus other WS staff members. See Dec. '04 Boy's Life article and our Council website/camp brochure for more info. on our week long "2011" Summer Camp "***Wilderness Survival***" program and other HA programs also. For more information, contact: Joe Zapach clydester2@aol.com. Joe has taught this program for the past 10 years at Camp Tuscarora, Baden-Powell Council, BSA. Web site address: www.bpcouncil.org
