Susquenango - An ADA compliant campsite

This site is completely ADA-compliant and is wheelchair accessible. It's a great site for that special Scout/Leader with any type of special need, or just to use as a regular campsite. Each lean-to (two of them sleep 4, and one sleeps 5) has an overhead electric light and two GFI-protected outlets. The latrine/washstand also has an overhead electric light. It's located in-between Chippewa and Cayuga, though closer to Cayuga, which makes it possible to incorporate this site with either of the two sites. A flagpole & fireplace w/grate complete the site!
