

Baden-Powell Council 2024 Camping Promotion

Camping is a crucial part of the Scouting Program and we want to make sure that the families in your unit are aware of the opportunities available to them through our Council. In order to do so, presenters knowledgeable of our camping opportunities have agreed to visit units to make sure our families are aware of their camping options. The information below will help put together a schedule and line up a presentation that best meets the needs of your unit.
